Press Note.

Term of Village Panchayets.

According to Section 12 of the Mysore Village Panchayet Act, 1926, the normal term of office of the Members of Panchayets is three years which may, by order of the Deputy Commissioner, be extended to a term not exceeding four years in the aggregate. In January 1951, a Bill was introduced in the State Legislative Assembly for the reorganisation of District Boards and Village Panchayets and pending the enactment of this measure, it was decided to continue the Village Panchayets under the existing Act. This measure was passed by the Legislative Assembly last November.

It was brought to notice of Government that the maximum term of Office of the Members of the Village Panchayets in some Districts had expired or was due to expire and that the Panchayets could not be reconstituted well in time, in view of the new Legislation expected to be promulgated. It became, therefore, necessary to validate the continuance of the Panchayets whose term of office expired under the Act of 1926 and to provide for the continuance of all the Panchayets till the new Act was brought into force. Since the Legislative Assembly was not in session, an ordinance was promulgated for validating the continuance of the Panchayets whose term had expired and fixing the term of all Village Panchayets retrospectively at five years from the date of their constitution.

Licensing of Hullers.

In pursuance of the suggestions of the Government of India, orders were issued in Government letter No. S. D. 5973—C. 99-49-6, dated 19th February 1950, directing that no more hullers should be licensed. A large number of persons are still applying for Huller Licenses. As the milling losses in Huller Type of Mills are much higher and it is criminal to waste foodgrains, particularly rice, the recommendations of the Honorary Adviser to the Government of India were accepted by this Government. Accordingly, the Deputy Commissioners have been instructed to strictly adhere to this policy and reject all applications for grant of fresh licences for Hullers. The public are requested to co-operate with the policy of Government by desisting from applying for grant of Huller Licenses.

2. However, as it would cause undue hardship to certain applicants who had already purchased and installed Hullers before the issue of the Order, dated 19th December 1950, it is found desirable to license all Hullers which were actually installed before 1st January 1951, subject to the conditions prescribed by the Government of India. Hence, instructions have been issued to grant licences to such applicants, who had installed the machinery before 1st January 1951, after the production of a Certificate given by the Chief Inspectors of Factories in Mysore, to the effect that the following improvements and adjustments have been actually carried out:—

(i) the revolutions on the Hullers should not exceed 450 revolutions per minute;
(ii) the huller screen on the outlet side of the Huller should be closed by a blind mild sheet or should entirely be replaced by a mild steel sheet of the same thickness as the screen;
(iii) the blade of the Huller should be left as far back as possible to give the standard type of unpolished rice;
(iv) paddy separators should be installed to avoid the loss from high polishing and brokens.

3. The licences of the existing Licensed Hullers will be renewed after the expiry of current period of licence, only after the prescribed renewal fee of Rs. 10 (Rupees ten) is remitted and a Certificate as in para 2 above is produced to the effect that the improvements and adjustments enumerated above at para 2 (i) to (iv) have been carried out.

4. Persons who intend going in for a Huller are advised to go in for the *Japanese Type* of Rice Mills (ZUICKOO) (Sheller Type, which costs about Rs. 3,975 and is stated to run even on 5 H. P. Motor or Oil Engine and which was demonstrated at the last Dasara Exhibition.

Health of Livestock in Mysore State during January 1952.

In their order of severity, outbreaks of Rinderpest, Foot and Mouth, Blackquarter, Sheep-pox, Anthrax, Ranikhet, Hæmorrhagic septicæmia and Rabies were encountered in the State during January 1952. Altogether 219 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 118 villages during the previous month. The number of outbreaks was highest in Tumkur, Mysore and Bangalore Districts, while Shimoga, Hassan and Chikmagalur Districts were least affected. These diseases accounted for 1,836 attacks of which 684 succumbed. The departmental staff conducted 39,130 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

867

Four outbreaks of Rinderpest were registered in Koppa and Hosanagar taluks accounting for 26 attacks among cattle, of which 19 succumbed. Prompt measures of control were undertaken by the department to check its spread and 1,499 cattle in the infected villages and 4,340 cattle in 71 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 106 villages accounting for 34 deaths as against 107 villages accounting for 20 deaths during the previous month. The special staff attached to the parasitic disease control units of the department dosed 8,460 animals as against 10,231 animals during the previous month.

The rest of the livestock remained free from diseases during the month. Fodder and water were generally available throughout the State.

Sole Agency for the Government Silk Weaving Factory, Mysore.

The attention of Government had been drawn to a Press report of a resolution said to have been passed by the Managing Committee of the Mysore Silk Cloth Merchants' Association, Bangalore City, against the alleged appointment of a sole agent for the Government Silk Weaving Factory, Mysore, without calling for tenders. It is absolutely incorrect to say that tenders were not called for. Tenders were called for as per Gazette Notification, dated 7th December and 14th December 1950, besides notification published in the local dailies. Tenders were received and fully considered by the Board of Management of Industrial Concerns and the present agency was awarded by Government on the recommendation of the Board as being most advantageous. It is not correct to say that the present Agent, Janab Mohamed Abba Sait is "not in the line", as he was a reputed wholesale cloth merchant in Mysore of over thirty years standing. The resolution obviously is based on a total misapprehension of facts.
